DETAILED ACTION

Information Disclosure Statement

1. The examiner of record has considered the information disclosure statement (IDS) submitted on 01/29/04. Accordingly, the examiner of record has initialed by the information disclosure statement.

Allowable Subject Matter

2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: with respect to claims 1-20, patentability resides, at least in part, in the display device comprising a housing having a support wall and an opening opposite to the support wall; a display unit having a display screen exposed through the opening; one pair of brackets, wherein each of the pair of brackets includes a pair of first portions, a connecting portion, and a second portion provided on the connecting portion, wherein the connecting portion is elastically deformable between a side of the display unit and the housing, as claimed, and/or in combination with the other limitations of the base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please note the display devices of Kang et al. (6937297), Morimoto et al. (6859357), Ishihara et al. (6064565), Uchiyama et al. (6128183), Bovio et al. (6202256), Nakajima et al. (6212067), Cho et al. (6411501), Tanaka (6671012), Yeager et al. (6002582), and Gushiken et al. (5844774). It is noted that the prior art of record fails to teach and/or fairly suggest the claimed limitations noted in the reasons for allowance above. Therefore, claims 1-20 are deemed allowable over the prior art of record.
